23 MAY  
2019** FROM 19:00  
TO 19:50  
IN ROOM IX  
OF THE PALAIS  
DES NATIONS

In Partnership with...

**STOPAIDS.**

**What role does civil society play in upholding  
fundamental human rights in universal health  
coverage and primary health care?**

Join us to discuss what is needed to ensure that key, vulnerable and underserved populations benefit from universal health coverage.

This event will showcase the importance of increasing the understanding, and scaling up, of political and financial support to community-led responses for health. Our panellists will discuss innovative models and approaches to community responses to health.

- **Grace Kamau**, Executive Director, African Sex Workers Alliance, Kenya
