The ‘Beyond Aid’ mailing list is the community forum of the Kampala Initiative used to:

- Enable and facilitate direct, ‘horizontal’ communication among all members
- Share updates, information and calls from the Kampala Initiative thematic working groups, core group and secretariat
- Set up moderated discussions (see separate ‘Moderated Thematic Discussions’ doc)

Basics

- The mailing list is open to members of the Kampala Initiative, and to others interested in joining and using this civil society space
- The list is set up as a Google Group here - https://groups.google.com/forum/#!aboutgroup/beyond-aid
- You can subscribe to the mailing list by clicking the link above, or when signing the Kampala Declaration
- All subscribers are expected to follow the content criteria outlined below.
- The list is administered and moderated by the Kampala Initiative secretariat. The moderators have the right to reject and/or discard any message that does not fulfil the content criteria, and to remove subscribers who repeatedly or severely violate the content criteria, without notice to the contributor. If a subscriber disagrees with a moderation decision, they should contact the Kampala Initiative secretariat - Thomas Schwarz, schwarz@medicusmundi.org or Ravi Ram, phm.esafrica@phmovement.org
- All initial contributions by all subscribers are moderated. For trusted contributors, direct posting can be enabled.
How to use the 'Beyond Aid' mailing list

- All subscribers are welcome and encouraged to use the mailing list to raise issues, engage in discussions, make announcements and share information.
- Contributions need to be related to the overall topic of the Kampala Initiative of challenging, transforming and moving beyond aid.
- Unfortunately, we are not able to accept business proposals, adverts for commercial items or calls for financial support in this group.
- Please do not ‘reply all’ unless you are certain that the message is relevant for all subscribers – for example, please do no ‘reply all’ with messages such as “Noted/Thank you/Well received”.
- Be considerate of other subscribers in your email communications and in the number of messages sent to the mailing list.
- Be aware that this mailing list is an open forum with diverse membership. For any sensitive information (e.g. strategizing on a particular advocacy process), we suggest setting up a more specific and protected space within or outside of the Kampala Initiative.
- Follow basic etiquette principles: please do not defame or insult anyone or any organisation; post anything that could be considered intolerant of a person’s race, culture, appearance, gender, sexual preference, religion or age; be obscene and use foul or insulting language.

All community tools are coordinated and managed by the Kampala Initiative programme group.
